

I am a concerned citizen. I recently read of the FCC 's desire to change the broadcasting capabilities of some FM stations to LPFM and to give tje LPFM stations priority over regular FM broadcasting. This would adversely affect those national and regional stations who use the FM signal in my area of the country. I hope you will not go ahead with this plan. Thousands of people all over the USA listen to K-LOVE and are encouraged by the mimistry of this station. It makes positve influences on individual lives hourly. Please do not do anything to change the ability of K-LOVE to continue broadcasting. Thank you for considering my comments.
